Proficient Java developer with strong skills in **Data Structures and Algorithms**, solving 500+ LeetCode problems. Built multiple real-world projects in **Android development** and **AI-based systems**. Experienced in backend development using **Spring Boot** and REST APIs. Passionate coder with a track record in hackathons and technical competitions.

Education

B.Tech in Computer Science and Engineering (Galgotias College of Engineering and Technology) : (Pursuing)

Class 12, ISC Board : 89.60%

Class 10, ICSE Board : 87.20%

Skills

Languages: Java, Python;

Core CS: Data Structures & Algorithms (Java), Object-Oriented Programming, Problem Solving;

App Development: Android Development (Java, XML, Android Studio);

Backend: Spring Boot, REST APIs, JDBC, MySQL;

Frontend: HTML, CSS, JS;

AI/ML: TensorFlow, SpeechRecognition;

Tools: Git, GitHub, Google Colab, Postman;

Soft Skills: Leadership & Team Management, Problem Solving, Effective Communication, Adaptability, Time Management, Critical Thinking, English Proficiency;

Projects

Resume Analyzer [\(GITHUB REPOSITORY\)](#)

A full-stack Resume Analyzer web application with email OTP verification, resume parsing, skill matching, and job recommendations using Spring Boot and HTML/CSS/JS.

Chatting Application [\(GITHUB REPOSITORY\)](#)

Developed a real-time chatting application supporting one-to-one and group conversations, featuring message encryption and a smooth user interface.

Newshub Application [\(GITHUB REPOSITORY\)](#)

A real-time news aggregator app that fetches and displays the latest headlines from various sources. Includes **category-based filters** (e.g., Sports, Technology, Business) and **breaking news notifications** to keep users instantly updated.

Voice Assistant [\(GITHUB REPOSITORY\)](#)

A Python-based voice assistant that executes system commands, opens folders, browses the web, tells time, and responds to basic queries using SpeechRecognition, pyttsx3, and Webbrowser.

Achievements & Certifications

- Proficient in DSA with Java, solved over **500+ questions** on LeetCode.
- Led teams in large-scale hackathons.
- Hackathon Participation Certificate – [\(Microsoft Azure\)](#)
- Android Developer Certification by Meta – [\(Coursera Certificate\)](#)
- GATE qualified in first attempt.
- Completed multiple real-world projects across Spring Boot, Android Studio, AI, and Machine Learning, showcasing full-stack and intelligent system development.
- Served as the Club Head of GCET's only Technical Club during my 3rd year, leading events and technical initiatives.
